

DECLARATION AND POWER OF ATTORNEY FOR PATENT APPLICATION

As the below named inventors, we hereby declare that:

Our residence, post office address and citizenship are as stated below, next to my name.

We believe that we are the original, first and joint inventors of the subject matter which is claimed and for which a United States Letter Patent is sought on the invention entitled "Liquid Seal and Electrical Connection Structure", filed on April 25, 2005 and granted U.S. Patent Application serial number 10/532,615, which was filed under 35 USC Section 371 based on PCT/US03/33810 filed October 23, 2003.

We hereby state that we have reviewed and understand the contents of the above identified Specification, including the Claims to Invention.

We hereby acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

Under 35 USC Section 119(e), we hereby claim the benefit of the earlier filing dates of United States Provisional Patent Application 60/420,542 filed on October 23, 2002 entitled "Liquid Seal and Electrical Connection Structure".

Under 35 USC Section 120, we hereby claim the benefit of the earlier filing dates of the applications listed below, insofar as the subject matter of each of the claims of this application is not disclosed in the prior application in the manner provided by the first paragraph of 35 USC Section 112, I acknowledge the duty to disclose to the USPTO all information known to me to be material to patentability as defined in Title 37, CFR, Section 1.56 which became available between the filing date of the prior application and the national filing date of this application:

We hereby declare that all statements made herein of our own knowledge are true, and that all statements made herein on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and that willful false statements may jeopardize the validity of the application or any patent issued thereon.

POWER OF ATTORNEY:

As named inventors, we hereby appoint Ralph J. Crispino, Reg. No. 46,144 to prosecute this application and transact all business in the Patent and Trademark Office connected herewith.

DECLARATION AND POWER OF ATTORNEY FOR PATENT APPLICATION

As the below named inventors, we hereby declare that:

Our residence, post office address and citizenship are as stated below, next to my name.

We believe that we are the original, first and joint inventors of the subject matter which is claimed and for which a United States Letter Patent is sought on the invention entitled "Convection Based Air Flow System for Submerged Metal Air Electrochemical Cell", filed on April 25, 2005 and granted U.S. Patent Application serial number 10/532,614, which was filed under 35 USC Section 371 based on PCT/US03/33811 filed October 23, 2003.

We hereby state that we have reviewed and understand the contents of the above identified Specification, including the Claims to invention.

We hereby acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

Under 35 USC Section 119(e), we hereby claim the benefit of the earlier filing dates of United States Provisional Patent Application 60/420,689 filed on October 23, 2002 entitled "Convection Based Air Flow System for Submerged Metal Air Electrochemical Cell".

Under 35 USC Section 120, we hereby claim the benefit of the earlier filing dates of the applications listed below, insofar as the subject matter of each of the claims of this application is not disclosed in the prior application in the manner provided by the first paragraph of 35 USC Section 112. I acknowledge the duty to disclose to the USPTO all information known to me to be material to patentability as defined in Title 37, CFR, Section 1.56 which became available between the filing date of the prior application and the national filing date of this application:

We hereby declare that all statements made herein of our own knowledge are true, and that all statements made herein on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and that willful false statements may jeopardize the validity of the application or any patent issued thereon.

POWER OF ATTORNEY:

As named inventors, we hereby appoint Ralph J. Crispino, Reg. No. 46,144 to prosecute this application and transact all business in the Patent and Trademark Office connected herewith.
